

Race Over Grace: The Racialist Religion of the Christian Identity Movement

Race over Grace is a fascinating, critical look at a religion on the margins of modern American culture: the Christian Identity Movement. Embraced as truth by some in militia and far-right racist groups, and by others not politically involved, Christian Identity is supported by advocates who promote such disturbing beliefs as the Jews being the literal offspring of Satan and that only Caucasians may go to heaven. In this book, Reformed scholar and pastor Dr. Charles H. Roberts examines the historical underpinnings of the movement and its better known exponents, past and present. He provides the reader with a uniquely Biblical, Reformed, evangelical analysis of the major doctrines of the movement.
