

## 8th Day

Camp Turnaround claimed to be a place for troubled kids, a desperate last chance before jail or worse. The slick, glossy brochure declared that it would help them do just what it's name implied, turn their lives around. But then a mother gets a cryptic letter from the troubled daughter she lost in a long ago custody fight. She asks Cassidy James to find out the truth -- is it just the bizarre practical joke of a wayward teen -- or something much more sinister? There are many dangers in this beautiful lush valley -- dangers to the child Cass is trying to protect, to the other children, to herself. And to her heart. It isn't safe to fall in love when she doesn't know who to trust -- but her passion won't wait for safety.
