

The Theology of Colin Gunton (T & T Clark Theology)

In *The Theology of Colin Gunton*, a number of contemporary theologians from across the world critically engage with the work of this influential British theologian. Gunton's handling of the gospel of Jesus Christ is celebrated, key doctrines examined, and his contribution to the ongoing theological task evaluated. As such, this collection of essays provides the Christian theological community with its first wide-ranging and carefully argued examination into the influential work of Colin Gunton. Contributors include Robert W. Jenson, John Webster and Christoph Schwobel, with a foreword by Douglas Farrow.
