

Kierkegaard and the Treachery of Love (Cambridge Studies in Religion and Critical Thought)

This major study of Kierkegaard and love explores Kierkegaard's description of love's treachery, difficulty, and hope. It reads his Works of Love as a text that both deciphers and complicates the central books in his pseudonymous canon: Fear and Trembling, Repetition, Either/Or and Stages on Life's Way. Amy Laura Hall argues that a spiritual void brings each text into being, and her interpretation is as much about faith as about love. Her scholarly and lyrical style makes this study a poetic contribution to ethics and the philosophy of religion.
