

Animal Investigators: How the Worlds First Wildlife Forensics Lab is Solving Crimes and Saving Endangered Species

Neme reveals concrete clues and fascinating sidelights that should keep fans of police procedurals hooked, while also focusing on cultural issues and the challenges of global regulation.--Publishers WeeklyA fantastic, exciting and revealing read! Neme takes us deep into the dark world of wildlife exploitation with a thrill level and suspense rivaling any episode of CSI.--Jeff Corwin, wildlife biologist, producer, & hostTells an amazing story about concerned scientists and forensic teams working to solve the murder mysteries that all too often are overlooked: the poaching and smuggling of endangered species.--Jane GoodallThink CSI: Wilderness. Nemes book gives us a new set of heroes, in the labs of the Fish and Wildlife Service, and reminds us of one of the uglier set of villains on the planet, the traffickers in wildlife.--William McKibben, author of Deep Economy and The End of NatureAccomplished environmental journalist Laurel Neme goes behind the scenes at the only wildlife forensics crime lab in the world to reveal how scientists and agents of the U.S. Fish and Wildlife Service are working to investigate wildlife crimes, protect endangered species, and stem illegal wildlife tr
