

Bonaventure des Periers Novel Pastimes and Merry Tales (Studies In Romance Languages)

The Nouvelles Recreations et Joyeux Devis of Bonaventure des Periers are here translated for the first time into modern English. The translators have been successful in retaining the vitality of this important French Renaissance satirist, turning his colloquial sixteenth-century French into equally colloquial and lively American. The translation of the 129 tales is prefaced by a biographical study of des Periers both as man and artist, and a critical bibliography is also included.
