

The Business of Happiness: 6 Secrets to Extraordinary Success in Life and Work

Albert Schweitzer said, Happiness is the key to success. In *The Business of Happiness*, Ted Leonsis, business, sports, and media mogul proves Schweitzer's point, explaining that success may or may not make you happy, but happiness will almost always make you more successful. Through research studies, personal stories, and anecdotal evidence from celebrities, famous athletes, and influential businessmen, Ted reveals the six secrets to achieving true happiness and how they make success almost inevitable. Showing people exactly how they can apply the six secrets to their work, at home, and in their personal lives, Leonsis also reveals how some of the most successful and happy people today—Bono, Michael Jordan, Steve Case—have put these secrets into practice for themselves. Dynamic, inspiring, and unique, *The Business of Happiness* proves that anyone can be more successful and happier, including you.
