

## George and the Rabbit

From the worst-selling author of Home Thoughts from a Man comes a brand new, blackly comic novel. George is screaming inside and he doesn't understand why. George's friend, Frank, has his own troubles--but he also has a new woman in his life, a woman their other friend Matthew is also in love with. But these are nothing compared to the battles George has at work. Will the yellow team win the idiotic team building event? Will George win his battle with the HR manager? Will Frank (ever) learn to be more suave in his love-making? Which of the protagonists murders who? Will Hannah's father find his Mapuche maidens? And what's Mr. Bensons role in all this?
