

Corvette: Americas Sports Car (Motorbooks Classic)

This is the history of the Corvette, from the earliest first-generation solid-axle cars to the latest fifth-generation C5. Leffingwell highlights dream and show cars, racers, Zora Arkus-Duntov prototypes and one-offs, and other Corvettes, such as the Sting Ray. Featured are firsthand accounts by major figures in Corvette development, including Cumberland and Shinoda, as well as an interview with the late Zora Arkus-Duntov. Filled with color photos, as well as rare, archival b&w photos featuring period racing, advertisements and magazine covers.
