

Create Better Life Now: Your Manual for Creating Success and Happiness

If you think and focus on what you want instead of what you don't want, you will know when it is time to take action. And when you do, it will be effortless. For twenty years, author Chris Kanyane examined and studied a countless number of books on personal development and the mind, hoping to discover the secret to success and happiness. Kanyane observed that many people read books and listen to tapes about personal success, but few people know how to use them correctly to achieve their goals. Create Better Life Now fills the gap by outlining how to live the accomplished life of success and happiness that you deserve. Learn why such advice as no pain, no gain limits you in your quest for fulfillment, and follow Kanyane's unique plan to achieve joy in his easy-to-understand, no-nonsense format. By applying Kanyane's simple exercises to your everyday life, you'll be able to transform your humdrum existence into the life you've always wanted. Give yourself a gift! Discover inner peace and a path to a better, more rewarding life with Create Better Life Now.
