

## High Performance Capris: Gold Portfolio 1969-1987

The Capri was born in the heady days of the performance-orientated sixties when fuel was plentiful. Fuel injection was introduced with the RS2600 in 1970. The millionth Capri was made in August 1973 in Germany but by 1976 production had ceased at Halewood. Sales had dropped by 1975 but the re-skinned Mk II gave the car new impetus, as did the introduction of a hatchback. The Mk III got a more up-market look and added practicality. This is a book of contemporary road and comparison tests, specification and technical data, new model introductions, drivers impressions, tuning, buyers guides and conversions. Models covered include: 3000GT, Allard V8, 3000GT XLR, Green V8, Broadspeed Bullit, 2600, Lumo 180S, 3000E, GXL, RS3100, Black Gold V6, 3000S, RSR Turbo, Chastain S/3, X-Pack, 2.8i, Tickford 2.8T, WM 3000, 2.8i Turbo.
