

Hostile Intent

The rules of the game have changed. It is the spring of 1991 when a minor British official trading low-grade information with Galina Kutuzova, an equally low-key Russian informant, is blown up in a neo-Nazi riot in Dresden. To the British government it is a small affair and Peter Ashton, a mid-ranking and always dependable agent, is asked to arrive at the acceptable explanation that it was a random accident. But after a nearly lethal trip to Leningrad and Moscow, Ashton believes that the suddenly elusive Galina has defected to America. And to make matters worse, silencing her is now high on the Russians list of priorities. Galina must know too much to have fled so far. To convince the British Foreign Office and the U.S. Defence Intelligence Agency, Ashton hatches a plan that puts him at extreme personal and professional risk. With gut-wrenching suspense and clear-ringing authenticity, Clive Egleton tightens suspense like a slipknot as American and British agents converge at a Rocky Mountain safe house to pay back the KGB for five decades of Hostile Intent. Praise for Clive Egleton: An author who understands violence, its surface and inner workings. Observer. Reports of the spy thrillers demise have clearly been premature. Sunday Telegraph. Clive Frederick William Egleton (1927–2006) was a British author of spy novels. He enlisted in the Royal Armoured Corps in 1945 to train as a tank driver while still underage. He was subsequently commissioned into the South Staffordshire Regiment for whom he served in India, Hong Kong, Germany, Egypt, Cyprus, The Persian Gulf and East Africa. He retired in 1975 with the rank of Lieutenant Colonel. His novel *Seven Days to a Killing* was filmed as *The Black Windmill*, starring Michael Caine. *Escape to Athena* is a novelization of the 1979 movie of the same name.
