

Ill Sell You a Dog

Long before he was the taco seller whose Gringo Dog recipe made him famous throughout Mexico City, our hero was an aspiring artist: an artist, that is, till his would-be girlfriend was stolen by Diego Rivera, and his dreams snuffed out by his hypochondriac mother. Now our hero is resident in a retirement home, where fending off boredom is far more grueling than making tacos. Plagued by the literary salon that bumps about his buildings lobby and haunted by the self-pitying ghost of a neglected artist, Villalobos old man cant help but misbehave: he antagonises his neighbors, tortures American missionaries with passages from Adorno, and flirts with the revolutionary greengrocer. A delicious take-down of pretensions to cultural posterity, *Ill Sell You a Dog* is a comic novel whose absurd inventions, scurrilous antics and oddball characters are vintage Villalobos.
