

Intelligent Investing

After decades of hard work, many Australians are faced with the question of how much superannuation will be enough, and without a clear number in mind many work past their ideal retirement age to ensure they don't fall short. It makes more sense and can result in a more comfortable retirement if people didn't rely solely on superannuation to begin with. Superannuation is the cornerstone for most people's retirement and should be sufficient enough to be just reward for a long working life. However, more and more Australians are finding they have to work longer almost out of fear that they will run out of money one day.
