There's a voyeur in each of us and Teresa Knight is no exception. Somebody's shadowing Teresa Knight, watching the part-time investigator's every move. And she's about to find out why: tapped for an undercover assignment that takes her into the steamy world of erotic films, Teresa lands a job at Silky Pictures and within weeks she's directing the action, conjuring her own wildest fantasies onto film. But her employer is dabbling in something far beyond hard-core porn. And when the case culminates in murder, Teresa is at the center of the storm. Framed for a crime she didn't commit, Teresa's on the run from Paris to Rio and soon she's playing hardball with the boys from Brazil while tangling with crime lords, terrorists, and one sexually adventurous clandestine agent. As she moves closer to the truth and deeper into the erotic throes of her own unbridled sensuality, she's following a trail that leads to the highest reaches of international government. Unable to trust anyone, caught in a tangled web of obsession and eroticism, suddenly she's both hunter and prey in a deadly conspiracy that's taking sex and power to a whole new level.
