

The Life Triumphant

Offering his patented brand of spiritual advice that relied as much on self-empowerment as inspiration, James Allen sets out to show the elements of character and conduct that go towards building a life of calm strength and superlative victory. In helping the reader achieve victory over all the dark things of life, Allen has written a self-help book for anyone eager to learn, and earnest to achieve. This is another inspirational landmark from the bestselling author of *As a Man Thinketh*. British author and pop philosopher James Allen (1864-1912) retired from the business world to pursue a life of writing and contemplation. He authored many books about the power of thought including *The Way of Peace*, *The Mastery of Destiny*, and *Entering the Kingdom*.
