

## The definitive guide to social mastery: Building a social circle from scratch and making memories that last a lifetime

Do you dream of having control over your social life? Do you want to surround yourself with interesting and authentic and creative people? Regardless of whether you want to befriend musicians and artists, or entrepreneurs and executives, this book will teach you the skills you need to give direction to your social life and help you up the ladder of success in your business and personal life. Stop daydreaming about the life you know you deserve. Stop sitting on the sidelines as life passes you by. Social skills are exactly that skills like any other that you can learn and practice. In this book, I will teach you how I transformed myself from academically gifted and socially inept to an international socialite who travels the world and meets new people along my path with ease. In this book you will learn techniques to become a smooth and flowing conversationalist. what is more attractive to people than looks, money or power. how to quickly build a social circle from scratch in a new town or city. what it takes to become the social center that others rely on to have a good time. to easily mingle with strangers in any social situation: party, gathering, or conference. to make friends when you have absolutely none.
