

The Register of William Bateman, Bishop of Norwich 1344-55: II (Canterbury & York Society) (Vol 2)

This volume completes the Bateman register, the first of the Norwich registers to be published. Containing the later half of the calendar of institutions, it is unusual for the organisation, clarity and state of completeness of its records, which paint a dramatic picture of the impact of the Black Death on East Anglia. Scholars and students will also welcome the appendices dealing with diocesan administrators and the religious houses and hospitals of Norfolk and Suffolk, as well as indices for both volumes.
