

Rain Music

Di writes about the Australia she knows, she loves, she's explored. Rain Music is inspired by her adventures in far north Queensland - its characters, its forgotten history, its modern dilemmas. A brother and sister, Ned and Bella Chisolm, are struggling with a family tragedy that has set them on opposite paths. After Ned takes off to pursue his musical dreams in far north Queensland, he disappears. When Bella goes in search of her brother, she ends up in remote Cooktown, and both their lives are dramatically changed in the isolated, little-known far north of Australia. Rain Music tells the one story through two sets of eyes.
