

# Self Reliance Illustrated Issue 16

Issue 16 of Self Reliance Illustrated helps you prepare for the preventable. Let SRI help you get ready for fall and hunting season with articles about everyone's favorite chopper: the axe, venison stew, and identifying chickweed. With the crisp fall weather approaching read our article on pre-made tinder to make sure you can keep warm on your next outing. The kids are back to school so now is the time for everyone to put their thinking caps back on after summer fun. This issue of Self Reliance Illustrated is packed with knowledge. Learn how to care for your teeth in the wilderness, how to make a belt like Otzi would have carried, and how to make a squirrel cooker. Don't forget to read one author's story of being alone in the wilderness of Alaska. The magnificent Alaskan scenery allowed for breathtaking photos, one of which is on the cover.
