You will find many tales that exist right here in the Present, tales filled with modern lives that have taken a turn down a darker path. You will travel into the Future to tour strange new worlds and interact with alien societies, or to just take a peek at what tomorrow may bring. And there are many, many new uncharted realms yet to be mapped, so keep checking back for new discoveries. Each story exists in its own territory (which we sometimes like to call a terrorstory.) They can be visited in any order you choose. You can buy a ticket to a single terrorstory and never return (hey, its okay to be a scaredy cat), or you can choose to visit all of the realms that exist in the Land of Fright. The choice is up to you. The stories are numbered for your convenience so you can easily remember where youve been, and then choose which terrorstory you want to visit next. Again, you can visit them in any order you prefer because each terrorstory is a unique place unto itself. We hope to see you again soon.
