

The Story of the Stone: Or, The Dream of the Red Chamber, Vol. 3: The Warning Voice

The Story of the Stone (c. 1760), also known by the title of The Dream of the Red Chamber, is the great novel of manners in Chinese literature. Divided into five volumes, of which The Warning Voice is the third, it charts the glory and decline of the illustrious Jia family (a story which closely accords with the fortunes of the authors own family). The two main characters, Bao-yu and Dai-yu, are set against a rich tapestry of humour, realistic detail and delicate poetry, which accurately reflects the ritualized hurly-burly of Chinese family life. But over and above the novel hangs the constant reminder that there is another plane of existence - a theme which affirms the Buddhist belief in a supernatural scheme of things. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.
