

The Gospel after Christendom: New Voices, New Cultures, New Expressions

A Glimpse into the Future of the Church Emerging and missional church movements are an increasingly global phenomenon; they exist as holistic communities that defy dualistic Western forms of church. Until now, many of the voices from these movements have gone unheard. This volume assembles some of the most innovative church leaders from around the world to share candid insider stories about how God is transforming their communities in an entirely new era for the church. Here's proof that the emerging missional conversation is transcending the traditional ecclesial and cultural boundaries that so often limit the church's ability to speak to itself and have an impact on the world. Featuring voices from Latin America, New Zealand, Australia, Europe, and North America, *The Gospel after Christendom* is a compendium of ideas, warnings, inspirations, and suggestions that will move this important conversation forward.--Michael Frost, author of *The Road to Missional*, coauthor of *The Shaping of Things to Come*, and vice principal, Morling College, Sydney, Australia
Ryan Bolgers *The Gospel after Christendom* is the broadest and most accessible global survey of emerging missional churches available today. Reading it encouraged my soul. It is filled with good analysis and insights as well as challenges to the imagination. Between its covers lies a glimpse into the future of the church.--David Fitch, author of *The End of Evangelicalism? Discerning a New Faithfulness for Mission* and B. R. Lindner Professor of Evangelical Theology, Northern Seminary
The Gospel after Christendom is a deluge of lived imagination. It is what the church planetary looks, feels, and acts like now that life as we have known it has been utterly swept away.--Sally Morgenthaler, author of *Worship Evangelism*
