

The Genesis Mousetrap

The Genesis Mousetrap explores the Bible like no other source! It is creation revealed. God, angels, satan, mankind, the heavens, and this universe are all explained in a very straightforward way. This book answers the questions all people invariably have about God, life, and existence. The Genesis Mousetrap explains the creation and redemption narratives from a God centered rather than a man centered point of view. It is the one stop answer shop for things Biblical!
