

The Road From Eden: Studies in Christianity and Culture

Barber has mastered and/or referenced a huge amount of literature. His book is a great resource...his arguments careful, cogent and revealing. I hope this argument has a great deal of influence on the church...it is like a mighty force for reformation, revival and cultural renewal. There has never been anything like it (as a single volume) in Reformed literature. Recommended. - Dr John Frame, Professor of Systematic Theology and Apologetics, Reformed Theological Seminary, Orlando, FL. Dr John Barber has given to the Church one of the most comprehensive studies concerning Christianity and culture. This work won Dr Barber a position as plenary speaker by the Abraham Kuyper Center for Public Theology at Princeton Theological Seminary in 2011...This book is a must read by anyone who wants to understand how Christianity influences culture from the time of the Garden to modern day. - Dr Kenneth Gary Talbot, President, Whitefield College and Theological Seminary, Lakeland, FL.
