

# Turning Pain Into Gain: Understanding the Mystery and Value of Suffering

When was the last time that everything was going great in your life with no problems or difficulties? Never, right? Why is this? Whats wrong with life? In this remarkable presentation, Jeff Cavins discusses just exactly what is wrong with life by unpacking the meaning of human suffering. He shows that suffering is a necessary consequence of a fallen world. Yet Christs redemption of humanity on the Cross gives suffering its meaning and makes it a path to holiness.
